

Who We Are

CHILD AID AFRICA is a Christian charity dedicated to empowering orphans and vulnerable children in their development.

Sponsorship Program

The goal of **CHILD AID AFRICA** is to empower and equip children in order to live a productive life as adults. Children will achieve success to become servant leaders for their families, communities and society.

Facts That Inspire Our Mission

AIDS has killed teachers, parents, doctors, and farmers — the very people a society relies upon to provide basic needs to children in their development. As a result, orphaned children and others at risk are left hopeless to fend for themselves.

AIDS is rated the greatest humanitarian crisis of our time.

How Can You Help?

Please consider sponsoring an orphaned child through **CHILD AID AFRICA**.

Sponsor an Orphaned Child's Education

We gladly accept donations of any amount. Your sponsorship provides a child with: school fees, a backpack, school supplies, food and clean water, life-skills training and an opportunity to hear the Gospel for a long-term relationship with God. One child's full sponsorship costs \$84 per month.

Our Core Values

- Donated money is used to pay school fees and support critical needs of orphans
- Existing social structures are used to empower orphaned and vulnerable children within their communities — pastors, community leaders, school principals and volunteer well wishers partner with us in our work
- Children in our program have an already proven potential to pursue high goals in education and life
- As proven by research, our model of education support and faith development serves as a strong tool for breaking the cycle of poverty and disease
- Youth are empowered and prepared for healthy development and the determination of achievable life goals

Our Programs

CHILD AID AFRICA evokes the holistic view that education directly relates with key aspects of a child's well being, future life, and functioning as adults. To accomplish our mission, our intervention model includes:

1. Child sponsorship
2. Youth Empowerment – Life Skills Training and Counseling
3. Child Aid Africa Institute for adolescent development (CAA Academy)

Our Founder

CHILD AID AFRICA is entirely supported by well-wishers, churches and individuals who hear the touching story of our founder. As a young boy, Dr. Michael Mbito grew up with poor illiterate parents in an obscure village in East Africa. Michael received school fees assistance from an anonymous donor he has never met. CAA was founded because of this gesture of generosity to a poor boy that transformed him into an accomplished leader, educator, and a scholar.

Contributions made to Child Aid Africa allow us to give hope to poor orphaned children.
